

CREATING VALUE

By striving for excellence, Moore & Van Allen has become one of the largest law firms in the Southeast, with regional offices and a national reputation. We did so by creating value for our blue-chip clients—large national banks, successful international manufacturers, growing healthcare and technology companies, noted retailers, and more-- including 10 of the 15 Fortune 500 companies headquartered in North Carolina.

We help them succeed by working passionately on their behalf with innovative, diverse, talented and multifaceted lawyers recognized as legal innovators. At Moore & Van Allen, we provide creative solutions to complex legal challenges and high quality legal services in a multitude of practice areas.

Technologically progressive, culturally inclusive and community-spirited, we fuse an aggressive work ethic to careful and considered legal advice—and to traditional, personal client service. Our guiding objective is to add value to our clients, not only by meeting their goals and deadlines, but also by bringing our experience and energy to bear on their matters. We do this through our nationally recognized corporate and financial services work and in our equally sophisticated and varied legal services across practice groups and industries, from steel to pharmaceuticals, from energy to biotechnology, from real estate to transportation.
