

CRIMINAL DEFENSE - TRIAL AND APPELLATE

Our Criminal Defense group is seasoned with trial-ready attorneys experienced in defending state and federal crimes. From antitrust to wire fraud, our attorneys are committed to aggressively protecting clients' rights in pre-trial investigations, grand jury proceedings, state and federal trials, and appeals in various circuit courts and the Supreme Court of the United States.

While vigorously advocating for our clients, we strive to develop a creative and tactical approach to all facets of your case. Whether through the use of AI or linguistic specialists, we partner with experts and e-discovery teams to help identify key information and witnesses in an efficient manner.

When in our client's best interests, we pride ourselves on our ability to work together with counsel for co-defendants or other individuals or companies similarly situated. We work to build a genuine rapport with the prosecuting agency to help foster sincere discussions for our client's benefit. Although we are always prepared to see a case through verdict, we understand each case is circumstance-specific and we have successfully negotiated beneficial plea deals, Deferred Prosecution Agreements, and Non-Prosecution Agreements on behalf of individuals and companies.
