

LITIGATION, REGULATORY & WHITE COLLAR

For each matter—classic litigation, white collar criminal defense, financial regulatory response, or employment & labor—we assemble a knowledgeable and accessible team with the skills and experience to provide high quality, cost-efficient solutions.

Our 50 litigation attorneys provide clients with solutions across a full spectrum of their legal needs: business disputes, regulatory challenges, investigations, criminal defense, and financial regulatory advice and support. Our strengths cover financial regulation, healthcare capital markets, real estate, environmental, class actions, antitrust, trusts and fiduciaries, trade secrets, employment, intellectual property, corporate governance, and insolvency, as well as regulatory defense, corporate investigations, and criminal defense.

We represent a variety of clients from individuals to Fortune 50 companies, start-ups, and entrepreneurs to global operations of multi-national companies in Europe, South and North America, and Asia. We pride ourselves on listening *and hearing* what each of our clients has to tell us. We do more than investigate and litigate; we help our clients avoid business or government disputes through timely advice on new developments, recommendations on best practices in compliance and dispute resolution, and early resolutions when that is what is in our client's best interests.
