Gilson Completes Leadership Charlotte Program

07.2011

Financial Services Associate John Gilson has recently graduated from Leadership Charlotte. Now in its 32nd year, Leadership Charlotte has seen over 1,500 community leaders go through the program. Graduating from the program is a two-step process which first includes attending 10 once-a-month sessions exploring current issues with a variety of local leaders. These sessions include: Charlotte: Past, Present & Future, Government & Politics, Healthcare, UMEUS, Justice, Arts & Culture, Sustainable Charlotte and Community Trusteeship. The program is complete after participants serve on a committee that coordinates one of these program days for the incoming class.
