Charlotte Bankruptcy & Financial Restructuring Members David Eades, Luis Lluberas, Trey Rayburn and Zach Smith, Associate Gabe Mathless and Financial Services Member Lauren Biek are among this year's Turnaround Atlas Awards winners chosen by Global M&A Network. The 11th Annual Turnaround Atlas Awards are among the world's most prestigious industry awards. The independently governed awards singularly honoring the best value-creating transactions, outstanding firms, professionals and legendary leaders from the international restructuring, investing, distressed M&A, and turnaround communities for successfully closing transactions.

This award equates to achieving the "Gold Standard of Performance" standing in the industry, validating excellence, and preeminent status in local and global markets since the winners are selected on "restructuring criteria", firm expertise and team leadership merits.

These honors will be awarded at the Winners Gala & Dinner Celebration being held May 20 at the Metropolitan Club of New York.
