Charlotte Financial Regulatory Advice and Response Member Tom Pennington, and Corporate Counsel Colby Jenkins and Associate Michael Anderson were instrumental in advising their client, Artinvest, on setting up a new online platform in conjunction with Pacific Investment Management Co. (Pimco). This innovative Artinvest platform will allow investments of as little as \$100G into Pimco alternative investment products that typically require a \$5M minimum investment. The portal will launch in early 2018. Moore & Van Allen's Investment Management practice formed earlier in 2017 and recently expanded to include Michael, who has a strong background in fund formation and investment adviser regulation.
