Moore & Van Allen holds second annual Diversity Conference

Diversity
January 2020

On Friday, January 17, Moore & Van Allen had the opportunity to welcome 20 outstanding first-year law students from across the country as part of the firm's second annual Diversity Conference. Student attendees were selected through a competitive application process and participated in various networking opportunities, interactive panels, and presentations from MVA attorneys, clients and other leaders in the legal profession during the one-day seminar. We are grateful to have connected with such an inspiring group of future lawyers and we look forward to supporting their continued success!
