

COMMERCIAL & TECHNOLOGY TRANSACTIONS

Our cross-functional, experienced legal team is dedicated to serving our clients' needs in complex commercial and technology transactions.

Our attorneys have the experience and passion needed to provide a full range of legal support on a wide array of business arrangements, including outsourcing, strategic alliances and joint ventures, services, procurement, licensing, distribution, consulting, manufacturing, and many others.

Service offerings include:

- Advising clients on the most effective ways to plan and structure their transactions
- Negotiating and document clients' business arrangements
- Assisting clients in management of day-to-day issues associated with their on-going business relationships
- Assisting clients in transactional disputes
- Helping clients plan and exit from arrangements that no longer meet their business needs

We have worked extensively with clients in a number of industries, including financial services, retail, information technology, textile, manufacturing, housing, consumer products and services, wholesale distribution, and biotechnology. Each business presents its own unique challenges and we work closely with our clients to ensure that we understand the issues behind their transactions and business relationships.

Our group puts the client first. We are responsive to business needs and understand that the business world is fast-paced. Our attorneys are practical, cost effective, and committed to providing legal support in the most efficient manner. It is not enough to bring problems to our clients' attention- we believe in finding solutions.
