Charlotte Real Estate Member Jeff Brown was quoted in the *Charlotte Business Journal's* article, "Childress Klein proposes mixed-use development on massive Steele Creek Site." Childress Klein has filed a rezoning petition for 250 acres of land off West Arrowood Road in the Steele Creek area to build a proposed mixture of development uses, including a distribution center.

Brown states, "This is a significant rezoning and it is involved in an opportunity to create economic development. This allows us to create a larger site for a potential user (the petitioner) has been talking to. The site is currently not incorporated but would eventually be annexed should the petition be approved."
