Moore & Van Allen (MVA) Litigation Counsel Courtney Duncil, Intellectual Property Associate Anup Iyer, and Financial Services Associate Graves Upchurch has been selected to participate in the Arts & Science Council of Charlotte/Mecklenburg (ASC) Cultural Leadership Training Program for 2021-2022.

ASC's Cultural Leadership Training (CLT) Program is designed to identify emerging leaders and help them develop into productive volunteers and board candidates for cultural organizations across our community. CLT is the only program in the region that specializes in training and placing community members on boards of nonprofit arts and cultural organizations. ASC staff members plan and execute all aspects of the CLT program, with assistance from staff and board from Charlotte-area cultural organizations as well as CLT alumni.
