Throughout the month of March, the MVA Charlotte office raised over 165,900 pounds of food in support of Feeding the Carolinas and the Second Harvest Food Bank of Metrolina by way of the 2022 NC Legal Feeding Frenzy. Overall, the Frenzy raised an astounding \$226,646.42 which will be allocated to food banks across the state of North Carolina. This incredible generosity will better the lives of so many and help eradicate hunger in our communities.

We are thrilled to announce that Moore & Van Allen has been named the winner of the Legal Feeding Frenzy's Large Law Firm Division for the second year in a row. North Carolina Attorney General Josh Stein - who has championed the work of the NC Legal Feeding Frenzy for several years - announced the winners via Facebook Live in late April.
