## MVA Represents Metyx in Opening of First US Plant

Media  
03.2018

Moore & Van Allen Global Services Member Mike Zeller and Associates Michael Tarwater and Beth Buckner represented Metyx Group in the development and launch of its first U.S. headquarters and manufacturing operations in Ranlo, NC, including negotiating economic development incentives from North Carolina, Gaston County and the Town of Ranlo. The company will bring 200 jobs to Gaston County and plans to begin production later this year. Metyx produces composite textiles and other high-strength materials that are sold to manufacturers in the wind energy, marine, auto and building construction industries.
