Charlotte Bankruptcy Member Zach Smith was named in the June 26 *Caribbean Business* article, "Investors: Debt restructuring inevitable," for his panel participation at Debtwire Municipal's Puerto Rico Turnaround event on June 17 in New York City. Smith served on the "Restructuring Puerto Rico" panel.

"As speculation continues to grow regarding a potential restructuring of Puerto Rico's finances, and what that scenario may look like, many investors who attended a recent conference in New York agreed that restructuring is inevitable and only a matter of time," the article stated.
