Taylor Publishes New Blog Post

09.2016

Intellectual Property Member Todd Taylor recently published a new blog post titled, "The Early Days of the EU-U.S. Privacy Shield: Should Your Organization Self-Certify?," on MVA's Privacy & Data Security Law blog, DataPoints. The post discusses the new EU-U.S. Privacy Shield Framework and how companies can determine whether the Privacy Shield makes sense for them. [Click here to view the post.](#)
