### *Governor's Desk*

Governor Pat McCrory signed H 1133, a technical corrections bill, Monday, August 11.

### *On The Floor*

In the final week of the 2014 session, the House and Senate both passed S 3, JMAC Modifications, H 1276 Adjournment and adopted the conference report for S 729, Coal Ash Management of 2014. In addition, the Senate concurred in S 42, Confidentiality of UC Information, that the House had passed in early July.

After lengthy debate in the House, the chamber narrowly voted not to concur with the conference report for H 1124, a bill that would have made various changes to economic development laws and capped the local sales tax in certain counties.

### *Committee Reports*

#### **Senate Rules Committee**

The Senate Rules Committee met on Thursday, August 14, chaired by Senator Apodaca. The committee passed four bills. Three bills were different adjournment resolutions. H 1276 is an adjournment resolution that would end the session "sine die" and lawmakers would not return in November to consider Medicaid reform or other pending conference reports. H 182 is another adjournment resolution that would adjourn the General Assembly until November 17. During this time period, Medicaid reform, veto overrides and a final adjournment resolution could be considered. H 901 is the final adjournment resolution passed out of the Senate Rules Committee. This resolution would allow the General Assembly to adjourn until November 17 and give them the ability to consider Medicaid reform, bills regarding lawsuits against the state, bills in conference, veto overrides, bills sent to conference with both chambers appointed by Friday, confirmations of special court judges, and a final adjournment resolution.

**NORTH CAROLINA LEGISLATIVE REPORT - AUGUST 22, 2014**

---

The final bill passed out of the Senate Rules Committee was H 718, Ensure Adequate Funds for TAs/Rev Allocation. The bill includes a technical fix to remove restrictions on school districts so they can convert money set aside for teachers to teaching assistants. There is also language in H 718 that makes certain changes to H 1224, Local Sales Tax Options/Econ. Devpt. Changes. H 718 changes how much county commissioners can control the money used for education. Also, the bill is written so that both of these changes will only go into effect if H 1224 becomes law.
